Old Dallas Landing, Holt County, Mo.

For many years previous to the building of the R. R. and before Forest City became a landing place for steamboats, Dallas Landing was the main shipping point for Oregon. This point is located on the Missouri river some two miles above the old mouth of the Nodaway. Mr. Andrew Jackson, one of the first—if not the first white settlers in Holt county—was the proprietor of Dallas Landing, and had a town laid out.

IO TRIOMPHE.

MR. EDITOR: The majority of the voters in Oregon at the polls last Tuesday voted for a Hog Law. It is to be hoped now, in obedience to the wishes of the majority, that these ill-favored, mischievous, and destructive beasts shall no longer be allowed to perambulate the streets at all times, breaking through fences, destroying gardens, and undermining houses. If ever there was a country requiring a Hog Law surely this is it; a soil so loose and porous that any hog can root his way under fence in a short time; or leave a hole for the next rain to wash out large enough for a cow to go through. Is it asked what will the poor man do? Let him take care of what he has got, and he won't be so poor. We were all poor once, and yet were very rich. But men get rich who take care of what they have got. The honest industrious intelligent poor man don't thank you for the argument. And man shall all suffer for the improvidence, shiftlessness and stupidity of a few men? Heaven forbid. H.

Electoral Returns.

Will our friends in the different voting precincts favor us with the returns as soon as the vote is counted? We want to spread the result before our readers as early as possible. If we mistake not the vote of the entire circuit will have to be thrown up in Oregon, being the central county seat of the circuit, and our County Clerk will have to issue certificate of election to the successful candidates.

The Editor of the Craig Democratic in Trouble.

We hear that our contemporary of the Arago Press and Craig Democrat, true to the instincts of Possum Democracy, has by his poking his nose into other people's business so neglected his possum organ as to get himself into serious pecuniary difficulties. As he has "cut" on all his board and whisky

heads and will have seized his press; but in consequence of the vital interest of the Democracy of Holt, he has persuaded them to allow him the privilege of shaking his tail and pumping his back at Young America until after the pending Judicial election.

"How to Go East."

By the Kansas City, St. Joe & Burlington Route.

"Though last not least," is an adage as true as it is old, and its truth is again exemplified by the completion of the New Line to the East via Creston and Burlington, which, though the last, may be called the best route in the West.

The Line consists of the Kansas City, St. Joseph and Council Bluffs R. R., with two daily trains from Kansas City, through Atchison, Leavenworth and St. Joseph to the Missouri State line, there connecting with the Burlington Route, which leads direct to Chicago, Cincinnati, Indianapolis, Logansport and Columbus—through cars are being run to all these points.

This Line is well built, thoroughly equipped with every modern improvement, including Pullman's Sleeping and Dining Cars, and nowhere else can man and woman be more comfortable than in the cars of this line.

The Burlington Route has admirably answered the query, "How to go East," by the publication of an interesting and truthful document, containing a valuable and correct Map, which can be obtained free of charge by addressing General Passenger Agent B. & M. R. Burlington, Iowa.
